Children are age 4 by September 1, 2012 to be a part of this program.

The year prior to Kindergarten is a magical time. Many children make the connection from symbols to the more abstract world of numbers and letters. They burst with enthusiasm when number concepts and letters link together. The doorway to a love of learning is unlocked.

Our Pre-K program is also designed for our children to thrive in an atmosphere where lifelong friendships are formed. Collaboration with a real life exposure to literacy, science, numbers and the world are found in these low ratio classes.
